

General Assembly

Distr.: General
1 September 2026

Eightieth session

Agenda item 13

**Integrated and coordinated implementation of and follow-up
to the outcomes of the major United Nations conferences and
summits in the economic, social and related fields**

Resolution adopted by the General Assembly on 31 August 2026

[without reference to a Main Committee ([A/80/L.105](#))]

80/300. International Day of Greening the Planet

The General Assembly,

Reaffirming its resolution [70/1](#) of 25 September 2015, entitled “Transforming our world: the 2030 Agenda for Sustainable Development”, in which it adopted a comprehensive, far-reaching and people-centred set of universal and transformative Sustainable Development Goals and targets,

Reaffirming also its resolutions [53/199](#) of 15 December 1998 and [61/185](#) of 20 December 2006 on the proclamation of international years, and Economic and Social Council resolution [1980/67](#) of 25 July 1980 on international years and anniversaries, in particular paragraphs 1 to 10 of the annex thereto on the agreed criteria for the proclamation of international years, as well as paragraphs 13 and 14, in which it is stated that an international year should not be proclaimed before the basic arrangements for its organization and financing have been made,

Recalling its resolution [79/283](#) of 16 April 2025, entitled “United Nations Decade for Afforestation and Reforestation in line with Sustainable Forest Management (2027–2036)”, and recognizing that raising public awareness and promoting voluntary action in support of afforestation, reforestation and ecosystem restoration can contribute to the implementation of the objectives of the Decade,

Emphasizing that tree planting, seeding and regeneration in degraded lands, including drylands, can have economic, social and environmental benefits and requires enhanced international cooperation, broad engagement by Governments, international organizations, civil society, the private sector, young people, Indigenous Peoples and local communities, while taking into account different national circumstances and priorities,

Acknowledging the contribution of global, regional, national and community-level initiatives aimed at tree planting, forest restoration, land rehabilitation and sustainable urban development,

1. *Decides* to designate 22 April as the International Day of Greening the Planet;
2. *Invites* all Member States, organizations of the United Nations system, other international and regional organizations and other relevant stakeholders, including civil society, to observe the International Day, as appropriate;
3. *Invites* the United Nations Environment Programme to facilitate, under its mandate, the observance of the International Day, mindful of the provisions contained in the annex to Economic and Social Council resolution [1980/67](#);
4. *Stresses* that the costs of all activities that may arise from the implementation of the present resolution should be met from voluntary contributions and that such activities would be subject to the availability and provision of voluntary contributions;
5. *Requests* the Secretary-General to bring the present resolution to the attention of all Member States, the organizations of the United Nations system and civil society organizations for appropriate observance.

*109th plenary meeting
31 August 2026*
